Sussex Cricket Mental Health & Wellbeing Platform

Why now?

- Each year one in four of us experience mental health problems
- 75% receive no treatment nor know where to find it
- Prior to the pandemic searching for health-related issues was already the 5th for internet activity
- The current situation with Covid-19 will exacerbate this through increased anxiety
- The platform does not offer medical advice, but the aim is to encourage people to take the first step in seeking support.
